tain school subjects and topics con-It is a very general belief that pirates nowadays exist in name only, but such is by no means a fact. Pi ers seemed to realize that a good ball rates still survive the march of civhad been started to rolling and it was ilization, and ply their outrageous and sure pushed along at headlong speed. bloodspilling trade in many oceans and do not hesitate to board a vesse Let more teachers be with us the which they deem worthy of a visit and incapable of protecting itself.

They are even more bloodthirsty than as well as a houseful of patrons and children. An invitation is extended those of whom we read with so much Met at Fox School House, Mr. enjoyment when we were young. Berry chairman; Miss Laura Gant

Modern Chinese pirates are as mer ciless as men are made. They will join a ship as passengers at the native port, and when the vessel is far out. suddenly rise at the dead of night surprise the crew and cut the throat of every "white face" aboard. Then they will run the vessel into some illguarded port and dispose of it and the cargo at the best prices they can obconstitution from 5 to 20. All took tain. Or they will merely part with the cargo, keeping the vessel to enable them to attack ships out at sea. The most stringent measures have been taken by European and American ships of war to exterminate these pirates, who constitute such a serious danger to property and life, but every attempt has proved more or less a

risk of attack. Pirates also infest the coast of Morocco, and frequently attack small vessels, for which they lie in walt. Quite recently a steamship ran in coast of Morocco and found her deck blood-bespattered and bearing traces of a terrible conflict. There was not Gant, Mr. Barnes, D. W. Butler, Mr. a soul nor a body aboard, but it was perfectly evident that the vessel had een attacked by pirates, who had murdered all hands, cast the bodies
